

AlphaMap

Geocoding for your CRM

Designed for
act!

Developed by
AlphaLogix

The screenshot displays the AlphaMap interface. On the left, there is a 'Search' panel with fields for 'Current Company', 'Company', 'Phone', 'Fax', 'ID/Status', 'City', and 'Postal Code'. Below this is a 'Search' section with 'Proximity' (10 miles), 'Category' (Customer), 'Industry' (Show All), and 'Sort' (Ascending) options. A 'Search' button and '47 results found' message are also present. The main area shows 'Search Results' with a table of accounts and a map of South Wales with red location pins. A callout box for 'Jenson Motors Ltd' displays financial data: Turnover YTD: 1220.18, Balance: 3329.12, and Opp Value: 836.21.

| Account | City | Postcode | Category | Distance |
|------------------------------|------------|----------|----------|----------|

| Advanced Secure Technology | Cardiff | CF3 5EA | Customer | 5.12 mi |
| Risca Construction | Newport | NP11 6NP | Customer | 5.14 mi |

Increase Productivity

Maximise the potential of your mobile workforce, spending less time travelling and more time with your clients.

Save Time & Money

Optimise your route-planning and become more efficient to see a reduction in transportation, fuel and maintenance costs.

Customisable Software

Our Development Team can customise your AlphaMap to meet your individual business requirements.

Client Testimonial

“With AlphaMap I can optimise my sales team’s visits to all clients and prospects to reduce total mileage and overall transport costs including reduced fuel bills!

In addition to the financial saving the team now spends less time travelling and more valuable time with clients”

Wayne Aspley,
Business Development Manager

Maximise the productivity of your mobile workforce through enhanced strategic planning...

- Enables your CRM software to optimise the scheduling of multiple site visits in a given geographical area.
- Allows your workforce to plan their routes and schedules quickly and efficiently.
- Destinations can be scheduled according to various criteria such as Proximity, Industry and Account Status.
- Choose from a selection of Map Formats including satellite, hybrid and Open Street Views.
- Reduce your carbon footprint utilising the most efficient routes available.
