

# DATASHEET

## Switching to Sage Intacct

Introducing Sage Intacct

Sage Intacct is a cloud-based financial management system designed for use by growing organisations. Sage Intacct offers the solution businesses need to gain new insights, simplify multi-entity management, work where and how they need to, and automate their key financial processes.

That's why so many Sage customers around the globe have already made the move from Sage 50 to Sage Intacct. They're gaining better visibility, increasing flexibility, improving business and financial processes, and achieving a meaningful and measurable ROI.

Switch to a finance management solution that fits your organisation
