Create Sales Orders and Invoices within Act!

Work More Efficiently

Streamline your work processes, send your orders straight into Sage at the click of a button, giving you more time to sell!

No More Double Entry

No need to rekey data into Sage 50 Sales Order Processing. Save time, and stop flicking between two programmes!

View Customer Order History

Keep a store of customer's historic sales orders and invoices, giving you better visibility of your customers buying trends!
